Biomedical Engineering Society Executive Board Meeting Minutes

As our last social of the semester, BMES will be hosting an End of the Year Barbecue for all biomed students and faculty. This will take place Friday, April 24th from 1-3pm in Lot 31 (behind the M&M). If you plan on attending please RSVP by Thursday April 23rd. Each Executive Board member will bring a dish to pass.

Stephanie has volunteered to be the representative for the BMES booth at the BMES conference next year. She will work on developing the poster over the summer.

As the Operational Handbook is done, Becky and Brett will work on getting the handbooks bound to hand out at next Friday's social.

Becky will work on getting Member ID's for the new members of the Executive Board so the Charter can be renewed as soon as possible.
